

Twinkle Twinkle Little Star

Listen online

<https://soundcloud.com/robguitarlessons/twinkle-twinkle-little-star>

For this song we will play the melody or tune, one note at a time. Try to sing along with the words as you play!

Play all notes on the 1st or E string

Now try to write out the next part yourself...

Remember..

- the line is the string and the numbers are the frets
- play the notes just behind the fret using your **fingertips**
- sing along as you play
- regular practice is very important, so try to play this through at least once a day!
- for extra practice, you can also try playing this along the other strings
